

HERI STATEMENT FOLLOWING THE GOLDERS GREEN STABBINGS ON 29TH APRIL 2026

As an organisation that seeks to celebrate diversity and promote unity and understanding, peace and dialogue, we are horrified to hear of yet another incident of hatred. We stand in solidarity with our Jewish friends and reaffirm our commitment to the rights of every individual to live and worship without fear of persecution, discrimination or violence. There is no place for violence and hatred in our communities. Our thoughts and prayers are with the victims and families of those most deeply affected by this latest act of violence.
